Cesar B Rocha

Physical oceanographer

Research Observational and theoretical physical oceanography; mesoscale and submesoscale turbulence; internal waves.

Education

2018 (expected): PhD in Oceanography, University of California, San Diego
2013: BSc (Honors), MSc in Oceanography, University of São Paulo, Brazil

Experience/Employment

2016–Current, Graduate Writing Consultant, UCSD Writing Hub
Support graduate writers on campus.

2015, Fellow in Geophysical Fluid Dynamics, GFD Program, WHOI
Coupled reduced equations for strongly stratified flows.

2013–Current, Graduate Student Researcher, SIO/UCSD
Stratified planetary turbulence and dynamics of the upper ocean.

2012, Visiting student, University of Massachusetts Dartmouth
Quasigeostrophic modes and surface quasigeostrophic solutions.

Publications

Submitted

Rocha, C. B., Wagner, G. L., Young, W. R.: "Stimulated generation: extraction of energy from blanced flow by near-inertial waves, " submitted to *J. Fluid Mechanics*.

Peer-reviewed

Honors & Awards

2017, French-American Doctoral Exchange Program, Embassy of France in the USA.
2016, NASA Earth & Space Science Graduate Fellowship
2015, Geophysical Fluid Dynamics Fellowship, Woods Hole Oceanographic Institution
2011, Best Honor Thesis, University of Sao Paulo

Service

Referee

Deep Sea Research–I, Journal of Geophysical Research–Oceans, Geophysical Research Letters, Journal of Fluid Mechanics, Journal of Physical Oceanography, Nature Communications, Ocean Modelling.

Student committee member

2016, SIO faculty search in large-scale observational physical oceanography.
2015, 2017, SIO teaching award.

Mentorship

2015–2017, Student host for the SIO open house.
2015, Mentor for first-year SIO PhD students.

Software

Core developer for "Python quasigeostrophic model" (PyQG), `doi.org/10.5281/zenodo.30517`

Core developer for "Spectral Analysis in Python" (PySpec),

`doi.org/10.5281/zenodo.31596`

Contributor to several open source projects on github.

Skills

Programming

Python , C, Fortran 90, Shell-Script, Matlab, git, mercurial, markdown

Languages

English (fluent), Portuguese (native), Spanish (professional fluency), French (basic)

Membership

American Geophysical Union, The Oceanography Society, NumFOCUS
